Once there was a guy who had to go to the doctor.

Then he had to get breakfast, like coffee.

That's when he gets ready.

He gets in the car.
There's a problem! The car has broken down!

So...
He tries to ride his bike, but it breaks down too!

That's when he starts running.

Doctor Office

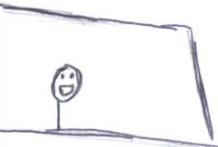

The chubby man has to run 2 whole miles to get to the doctor's office.

Because he ran so far, the chubby man became skinny and thin!

When the man gets to the doctor's, there are ALOT of patients. There are 150 patients before him!

While waiting for the doctor, the man meets the doctor's beautiful daughter.

They talk for hours and hours until she has to see the doctor.

The man gets mad now, because he has been waiting 24 hours to see the doctor.

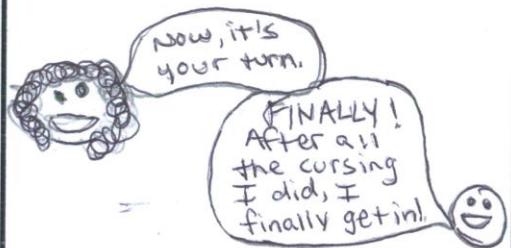

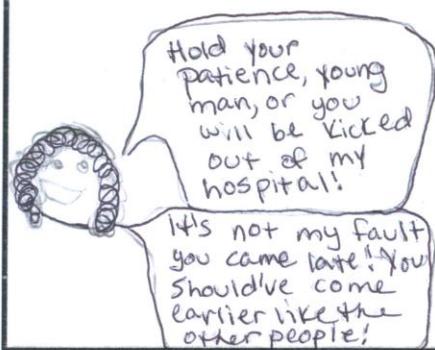

Doctor Office

The skinny handsome guy has been waiting 24 hours. Now it's noon!

The man gets kicked out.

He has to run 20 miles now, to go to the OTHER hospital.

When he gets there, the hospital is closed.

He now has to run 200 miles to go to ANOTHER hospital!

He finally ran to the hospital. They did a checkup and then he has to have a treatment because he ran so much and is now too skinny.

Aw man
