**A CREATIVE WRITING ANTHOLOGY**

**ANIMAL STORIES, TRUE STORIES, POEMS AND COMICS**

**BY BETHUNE 3RD, 4TH & 5TH GRADERS**

**MARY BETHUNE SCHOOL, CMSD**

**CLEVELAND, OHIO 2021**

## **INTRODUCING...**

### **THE THIRD GRADE WRITERS AND THEIR WORK**

The creative writing in this chapter of the Bethune anthology was written by two small groups of third graders at Mary Bethune School. The students were selected by their teachers, Ms. Vinson and Ms. Benjamin, for additional enrichment using a breakout room in their zoom ELA classroom. We met together six times for half an hour each time.

The academic goal of the enrichment was simply to increase the third graders' writing stamina, confidence and fluency and for them to move beyond one or two sentence responses to writing prompts. The social emotional learning goals were to give students an opportunity to connect with each other and express themselves creatively in a smaller virtual setting.

We had a lot of fun collaborating, with inventive animal stories, frog stories (an important third grade topic), and learning a new tool--the google jamboard.

### Ms. Vinson's Small Group Frog Story

Once upon a time there were two little tadpoles named Watermelon and Peanut butter. They lived in a small pond. The tadpoles have two legs. They are friends. They eat food. When the tadpoles get older they are going to have four legs and when they get a little bit older they are going to start hopping on land.

They are talking about how they want to become friends. Watermelon says, do you want to be my friend?

Peanutbutter says yes.

When we get older we can do more stuff then cuz like now we can't do that much stuff because we need to stay in the water.

Let's play Marco Polo. Not it!

So then they played Marco Polo until lunchtime.

They had baby flies for lunch.

They eat their lunch, let their food digest and then they go play some more marco polo back in the water. The end.

## **INTRODUCING...**

### **THE FOURTH AND FIFTH GRADE WRITERS AND THEIR WORK**

During the winter and spring of 2021, Lake Erie Ink worked with fourth and fifth graders in two different classrooms. Before the students returned to school on a hybrid plan, Ms. Larsen worked with the fourth graders in Ms. Wilder and Ms. Ardis's class. These students wrote and revised personal narratives.

After the hybrid plan was implemented, Ms. Larsen worked with both fourth and fifth graders in Ms. Wadsworth's virtual classrooms. These students had the opportunity to write four different poems and to create an informational comic (using google slides) on a topic they had studied this year.

The goal of all of these writing projects was to strengthen students' writing skills and confidence, build their stamina and fluency, and ALSO celebrate their stories, experiences, creativity and voices.

They did an awesome job!

# PERSONAL NARRATIVES BY FOURTH GRADERS IN MS. ARDIS AND MS. WILDER'S CLASS, WINTER 2021

## Black History Month by Angelina

One day, I was at school in 2019. I was 6 or 7 years old and had a performance at school. 7th grade and up. The whole school was there. It was Black History Month and they read a poem. The poem was about their skin color. They acted the poem out. And then they started to dance. I told my mom and GG—my GG is my grandma. She said a long long time ago as black people were slaves.

## My Birthday by Chassiddy

My birthday was a special day.

## **My 10th Birthday Party by Damaro**

One day during the winter I celebrated my 10th birthday party at the Main Event in Akron, Ohio with my dad, my 2 sisters Kamari and Dezy & 3 brothers Damond, Booboo and Cece. We all left the house in our silver car and arrived about 3 o'clock. The Main Event is a huge building with one big room of games—a car game, it has one seat and pedal so that I can race, and a basketball game and Connect 4—that my brothers and I played together. It was loud and noisy and it was a lot of families.

And we all had pizza and slushies and chicken wings.

## **Going Places With My Family by Datwain**

One day my mom, my dad, my friend, my brother, and I went to Dave & Buster's. We got some prizes and it was fun. One of us got a stuffed shark but I forgot what else we won. We had some good food. I had a cheeseburger and fries. We played 2 player games like basketball four in a row. That's the story about when I went to Dave & Buster's. Just all happened when I was 9. We did this because we wanted to have fun. My favorite thing I did this day was when I played basketball four in a row.

One day my family and I went to Round One. We played a lot of games. We also went bowling. We did this because it was my brother BirthDay. We got some candy with our tickets. I also got this ball. I forgot what else we got at Round One. The Best Thing I Did Was Bowling. That the story of me going to Round One

One day, my brother and his friend and I went to a basketball game. This basketball game was my first basketball game I went to. And it was a lot of fun. Also it was a Cavs game. We had a big bag of popcorn and it was good. Also we got the tickets from the school. That's the story of the time I went to my first basketball game.

## **School** by Deon

One day I went to a place called school and I made some friends.

## **Best Day Ever** by Devilin

One day I went to my friend Nizeer's house. We jumped on his trampoline and we tried to see who could jump the highest. He won because he had more practices every day. And we had a slamming battle. I won because he fell on the trampoline first. We went and played with Marco. Me, Gio, Nizeer and Marco jumped and we fell on the trampoline at the same time.

It was a warm summer day. And we had grilled steak and breadsticks for lunch. We played in his backyard. Our goal was to jump over an oak tree. I did a front flip over the tree. Nizeer did a backflip over the tree. It was very fun.

Marco's dog chased us down the street. We got away because we were riding bikes. We watched a scary movie and ate popcorn. We had a dance off. I won. We did a race from the school to my house and all the way back to his house. We went to Sky Zone. We had a lot of fun. And the next day we went to a museum.

At the end we went back to his house and had a sleepover. We saw who could stay up the longest.

I won. He fell asleep! And we ate cake in the kitchen. After that we went camping for 2 hours. And we caught a butterfly in a jar.

## Bringing Home Bronko by Jaileon

One day I was at my grandma's house in the summer of 2017. I was riding my cousin's skateboard and it had a skull on it. I did good riding the skateboard because it was my first time riding a skateboard. It was so fun. I was able to balance and not fall off... I was near my grandma's house when this big tall black dog with big teeth came running towards me. I

tried to turn around, but I fell off and hit my arm on a big grey rock. The dog got closer so I got up, grabbed the skateboard and ran as fast as I could. I got back to my grandma's house and realized the dog was a nice rottweiler just coming to say hi. I ran into the house, and I was out of breath so I drank a Pepsi.

Some of the other kids were throwing sticks at the rottweiler so they could scare it away from me. Then, the dog turned around and started chasing the kids. They were about 12 or 14 years old. One of the boys picked up a brick and threw it at the dog, but he got scared and dropped the brick. Then he started running. The 10 year old tripped and got bit by the dog, then the dog started running at the other two, then I started running at the dog to calm it down.

They were in the street by the time I got to them so I rubbed the dog's belly to find out it was my cousin's dog that ran away. So I took the dog back to grandma's house. They were so happy and so was the dog whose name was Bronko.

## The Boy who Loved S'mores by Kenneth

onece apou a time there was a little boy (me) who loved smores, so every two nights the boy and his family would make smores. the boy was good at making smores because they would make them every two nightes. Every time we would make smores the marshmellow would melt and oov out of the smores. the smores are yummy.

this is what we made

(Not all stories are about s'mores.)

There was a little boy named Kenneth who loved s'mores. So every two nights me and my family would make s'mores. I was good at making s'mores because we would make them every Wednesday night. Every time we would make s'mores, my friends would come over. I burnt my marshmallow but ate it anyway. I made a new one, and it was golden brown. My dog came over to join us. Her name is Princess. It was fun until my bully came over. He took my marshmallows and ate them, but little did he know, we swapped them out for some other ones. I put dirt in the ones he ate, and he did not know. Then I started recording, so I could put it on instagram. It was funny then we went inside to go to sleep.

THE END. (I will be making another story. The other story will be similar.)

\*\*\*

My name is Kevin. Here's how I learned how to make s'mores. Sometimes we would go to Urban Air. We played on the trampoline and jumped and jumped a lot of times. There were a lot of people there. I did an obstacle course. I mastered it, but my sister was not so good at it. The only reason she was not so good at it is because she wasn't good at obstacle courses.

If you think about what I'm saying you will see that I'm basically saying that s'mores are like obstacle courses. Just say like I'm on a tv show, and I have to run and jump through obstacles to get the ingredients. So that's how I learned how to make smores and also how to be so good at it.

THE END.

\*\*\*

Hi my name is Jayden. I am Kenneth's older brother, and this is a story about us playing hide and seek, by the way. I was wearing a black long sleeve shirt and some black shorts, and he was wearing some white pants and a blue shirt. So we started playing, and I was It—so I tried to hide and catch him, but it did not work because he saw me, so he knew what was happening, but soon I caught him. Then it was his turn to be It, so he counted to 20 so I could hide. I hid in his room. That was where we started, so he did not check there, so I won.

### **Going to See CoryxKenshin in Michigan by LaChyna**

Me and my family went to visit Michigan to go see CoryxKenshin, and we had a blast. It was so fun. Me and CoryxKenshin played games all day. Then we went out to eat. The food was so good, and we played more games. The end

## The Pool by Mykhea

## Getting to know my Dad and My Big Brother by Nizeer

The first time meeting my dad was in May, 2019 in Cleveland at Aunt Chantell's house. She was having a cookout in the backyard, and it was sunny. My cousin and my uncle were there, and my dad and my brother came. We walked to the corner store, and I got me some gum, and we had a good time because we was joking around. Then they had to leave.

Last summer my brother came, and we played the game, and we took some pics before he left, and now we all just talk on the phone. My dad sent me the money for my birthday.

My dad sent me a lot of money for my birthday in November 2020. My brother came for the summer. It was hot and we went to a pool and we was swimming. And I was underwater, and we was jumping in the pool, and we both did backflips in the pool. Then weeks after we went to Fun 'n' Stuff and I got wet. Then we went out to eat and then went home and went to sleep. Then the next day we went outside and rode bikes down the streets, and it was hot out there, and then we went back in and took a shower and got dressed.

## Sledding with my Family by Roccxi

This story is about me and my dad and sister going sledding. Me and my sister was all covered up before we left. Then my dad picked me and my sister up. We had my stepmom, Ariel, there. She's not really my stepmom. She's my dad's girlfriend. We took the freeway to get there. It was not long at all. When we got there I was surprised because of how big the hill was. It was soo big. I

kinda wanted to go somewhere else but when I went to go try it out. It was super fast and amazing, but my sister was very scared. She worked her way up the hill. She first started at the bottom then made her way to the top. I helped her.

I was scared to go fast all by myself because it is very fast if you go all the way without stopping yourself. So I stopped myself. After doing it with my family, I went down the hill by myself, and then it was so super fun that I had to do it again. The snow was very smooth so it was very fast. At first I was closing my eyes because it was going way too fast. There was a lump, and we was going so fast that when we went on top of the lump, then hit the ground. It was pretty hard. All the snow would just hit my face. I went on the sled on my back laying down and on my front laying down. It was scary at first.

Then we built our own sled by connecting three sleds. Then we all got on and it was scary the first time, but then we did it again. Then we did it a lot and it felt like a racing car because of how fast we was going.

Then we had some hot chocolate. I drank all mine because it was so good and creamy. We got the hot chocolate from a gas station. I made a few friends there, and we had a race. I think that it was the perfect day to spend time with my family.

It was kinda funny when snow got into my boots. My hands was cold because I had small gloves. So I had to wear big big big gloves. My fingers did not even reach the top of the gloves. So it was not very nice but my hands was warm. The day was nice, the sun was out and shining. My scarf was hanging off my neck so that it fell. Then the snow was all over it. I had to brush it off. My sister Bella's gloves fell, and she started to cry.

Every time we walked up the hill my legs would start to hurt. We was filled with joy. I just love to see my family happy. It makes my heart so happy. I think that it was one of the best sledding days I had in history.

That sledding day brings back lots of memories. When I was little we would park the car in the snow so we could go inside if we got cold. My dad always would go on the sled with me when I was little, but now that I got older I'm not scared. We used to go on a tiny hill. There were a lot of trees so we was careful. I would go on with my dad because I was too little to go by myself.

Then we all would get in the car and sit with the car door open drinking hot chocolate with marshmallows. They were mini marshmallows, but it was still good. We would watch the cars pass by. I was trying to find the biggest spot to go sled at. That day was perfect for us. We was so happy and surprised because of how pretty it was. At the bottom of the hill it was a waterfall. I wanted to go check it out, but I was just like, forget it. At the top of the hill it was a nice view.

A few minutes later I heard a lot of loud screaming and noise. I look behind me and it's a couple who was yelling at each other because her boyfriend slammed her phone into the snow. I do not know why. I started to pay attention, but my dad told me to stop looking and go play. My dad helped them find the phone.

The sky was blue with the sun shining so bright. That year was fun too.

# WHERE WE LIVE

## Where I Live

By Kenneth F.

Where I live you can go to beaches, parks, movie theaters.  
I hear people playing.  
I hear people screaming.  
I see the leaves falling.  
I see people throwing snowballs.  
I love the summer beaches.  
I feel the sand on my feet  
Where I live, the people grill, talk, and play  
My Cleveland is a world of peace, tranquility and death.

## Where I live

By Ni'zeer A.

Where I live my neighbors barbecue  
I smell hotdogs and ribs  
I hear music playing  
My neighbors go to fun places on the weekends  
I went with them and we went out to eat last weekend  
Me and my neighbors walk to places  
We walk around the neighborhood  
We play outside  
We play basketball in the street.  
Me and my neighbors have sleepovers  
When it is one of my friends birthdays, we sleepover

## **Where I live**

My Cleveland is a world of a lot of wonderful people  
and places that can be discovered  
and new ideas and things u can find out about.  
Cleveland is not just a place that people visit and live

## **Where I live It's Nice**

By Matthew S.

Where I live, the people in my neighborhood are nice  
but sometimes I can be nervous around other people  
Where I live, you can climb trees, see birds, look at cool sunsets  
The trees are hard  
The leaves on them are light  
The swings make me feel nice in the wind  
I imagine me flying  
The house's are tall  
I think they are pretty  
The grass is soft and nice to lay on  
My Cleveland is a world of cool things that are awesome

## **Where I Live is Good.**

By Devilin S.

I love my house.  
I smell my mom's cooking.  
I see my siblings and my parents.  
I hear my baby brother crying.  
I feel the spin on my gaming chair

I love my siblings.  
I love my brothers and sisters  
I hear my brother and sister talking.  
I see my siblings bonding.  
I hug my brother.  
I smell my mom's perfume on my sister.  
When we go outside we run around and play.

I love the cute dogs.  
There's always dogs walking past my house.  
In the morning I go outside and see dogs with their owners.  
I always pet the cute dogs and most of the dogs like me.

I love to be outside.  
I love my parents, siblings, friends  
I feel the warm air against my skin.  
I see the cute dogs walking down the street.  
I smell chicken and corn barbecue.  
I hear people talking and laughing.

I love life.

Where I live, the people play a lot.

Where I live is fun

It's a lot of kids, there is some people way older than me,  
some people i don't really know,

i have some friends there

Where I live, the people...

Are nice, happy,

some don't come out there house,

people sell waters,

ice cream trucks

Where I live, you, i can jump on the trampoline,

Play outside,

i can get ice cream, and take a walk

At the walking park I hear the sound of streaming water,  
deers walking on leaves, people talking, the sound of bikes  
charming.

In my backyard I smell the fire, the s'mores,  
people around the fire laughing and smiling,  
family all around

At the playground I smell the wood chips,

I feel the shocks on the slide,

the wind of the swing,

kids yelling, the kids swing off the monkey bars

In my neighbors backyard...

The smell of sweat feet, the trampoline bouncy floor,

the chip bags in the yard, the popsicle paper too,

my neighbor talking on the porch

At my aunt's house

The lawn with tall grass,

the smell of gasoline because of the gas station,

the balcony

My Cleveland is a world of...happiness, thankfulness, peace

# IF WE WERE IN CHARGE OF THE WORLD

If I were in Charge of the World  
By Ka'Nayshia

If i were in charge of the world,  
you wouldn't have to go the stores--  
nobody would have to go  
you got a lot of food  
If i would be in charge  
people will get free ice cream  
And nobody has to pay.

If I were in charge of the world, there'd be  
No illegal things and no bad things  
No robbing people  
No stealing from stores  
No kidnapping people

If I were in charge of the world,  
You wouldn't have to cook  
You wouldn't have to drive  
You wouldn't have to clean dishes  
Or vacuum the carpet  
You wouldn't even have to wipe the walls.  
You wouldn't even have to wash your clothes.

If I were in charge of the world  
A street would be smooth and not bumpy.  
Houses would be like mansions  
with an inside pool, a movie theater, a jacuzzi  
and a playground inside.  
Outside would have a pool and a jacuzzi.  
And everyone  
Would have a house like that.

## **If I were in Charge of the World** **By Demari C.**

If I were in charge of the world, I'd cancel guns because the shooting is getting very bad  
Please stop the shooting so me and my sister can walk to the store  
I'd cancel the smoking because it is every bad and it's killing people and giving people lung cancer  
I'd cancel the drinking because it is killing the country  
I'd cancel daylight saving time because we have to change the clock every year at 2:00 a.m

If I were in charge of the world, there'd be more houses so the homeless people have a home  
more jobs so kids can get a job at the age 13 and 12 so when we are 18 we can get out our mom and dad's house  
more cars so people can get back and forth to work  
we all will be rich and have more clothing and shoes and a big house and a pool in the backyard and a hot tub.

If I were in charge of the world,  
You wouldn't have to stay quarantine for the rest of your life  
You wouldn't have to babysit your siblings  
You wouldn't have to be silly just to get friend and just be yourself  
Or be mean to your real friend  
You wouldn't even have to go to a different school and have to make new friends

If I were in charge of the world  
A Dog would be robot dog  
A cat would be robot cat  
And a hoverboard  
Would be a big hoverboard

If I were in charge of the world,  
You wouldn't have to work for money  
you could sit in bed and still get paid.  
You wouldn't have to walk or drive to work  
you could fly.  
Or  
You wouldn't even have to get up to eat.  
A robot will bring your food to you.

If I were in charge of the world  
A kid would be able to stay outside for days.  
A teen would be able to drive under the age of 18,  
And your first car was free.  
So make me in charge of the world if you would to like to have your
